## Summary

---

Results-driven SEO professional with 5+ years of experience in organic growth, content strategy, and technical SEO. I enjoy building and experimenting with tools and apps, often using vibe-coding approaches to prototype ideas and automate SEO workflows. I've helped businesses achieve up to 7.5x organic growth and increased qualified leads by 3x. I have managed large SaaS websites like Appy Pie with over 3M organic visits per month. For a deeper dive into my case studies and past work, simply Google "Neeraj Kumar SEO"—you will find my portfolio ranking at the very top.
